

Apple Foundation Program

AVAILABLE AT
HENRY FORD COLLEGE

July 15 - August 9, 2024

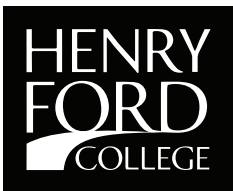

Monday - Friday

9:00 a.m. - 1:00 p.m

The program is **FREE** of charge to the community.

- Henry Ford College is leading an inclusive journey with the Apple Foundation Program, designed to make app development accessible to everyone.
- Students will use Macs and iPhones to explore the fundamentals of app creation. This program equips students with essential skills for product development, along with developing their presentation and soft skills.
- This special session is open to individuals ages 14-19. It is **FREE** and open to residents of Dearborn and surrounding cities.
- Successful students who wish to continue their education may be eligible for scholarship funding for the Mobile Application Developer Certificate Program at Henry Ford College.
